EXCLUSIVE LINE

2022 | BALI 4.4

13,75 M | 5 CABINS | 9 GUESTS

INFORMATION

The BALI 4.4 is recognizable at first glance thanks to the new design of her hulls with fine bows and her new very elegant lines signed by Xavier Fäy and Samer Lasta. The BALI 4.4 benefits from all the innovations signed by CatanaGroup which are the DNA of the BALI: rigid forward cockpit with lounge area and sunbathing areas, the platform connecting the transoms with large bench seat and lockers, the large "BALI" door, side sliding bays without forgetting the interior access door to the forward cockpit. And also the helm station with a panoramic relaxation area on the coachroof accessible from both sides. And of course, the safety and performance you would expect from a CATANA design!
