

Meet the Team

GULET QUEEN OF ADRIATIC

Goran Rogulj

CAPTAIN

The captain Goran is a skilled and enthusiastic captain with extensive experience in the yachting industry since 2010. Born in 1977, he is an electromechanic by profession, which helps him to effectively apply his experience in ship maintenance.

Even though he's professional and silent person, he's very knowledgeable and can always advise on best places to visit.

Before he fell in love with gulets, he worked as a skipper on sailboats and went shell diving. Diving still remained one of his favorite hobbies and occasionally he also engages in sport fishing. Goran is fluent in Croatian and English. During his free time, the Captain can often be seen racing the ski slopes, enjoying his second love - skiing.

Stipe Bajan

SAILOR

Born in 2001, Stipe completed his education at a technical traffic school. During his summer breaks, he frequently found himself cleaning sailboats, which marked the beginning of his journey.

In 2019, following his father's encouragement, he embarked on a new chapter by becoming a sailor in the crew of a gulet. He is responsible for various tasks to ensure the smooth operation of the boat and the safety and comfort of guests on board.

Stipe is fluent in Croatian and English. When interacting with guests, he enjoys listening to their stories, learning about their culture, customs and language.

During his leisure time, he makes an effort to relax and explore as much as possible, sometimes escaping to the mountains for a well-deserved break.

TBC

CHEF

The Gulet Chef is a culinary artist and gastronomic master on board, responsible for creating a culinary journey that complements the beauty of the Adriatic Sea. This role requires a perfect blend of culinary knowledge, creativity and understanding of the different tastes and preferences of travelers. The gulet chef plays a key role in ensuring a pleasant and memorable experience for passengers.
