# THE EXPLORER FLY 62 BLUE MOON MOTOR YACHT

## MUCH MORE THAN A DECK SPACE WITHOUT LIMITATIONS

THE EXPLORER FLY 62 BLUE MOON MOTOR YACHT

The **Explorer Fly 62** motor yacht is a total novelty on the nautical market! A new brand, a new quality and above all a new generation. This yacht is the epitome of modern technology translated into practical application. The living part of the yacht is fully glazed, which gives the sides a 3-dimensional look and brings light to the interior. Every aspect of the layout and equipment has been refined to the smallest detail. This is evidenced, for example, by the design of handles and rudders bearing the logo of the new shipyard - an elephant's head with two aquamarines for eyes. Or by the fact that the doors to the yacht's garage open in exactly the same way as those of a Lamborghini. Note the high and straight bow, which provides protection from the waves. It guarantees safety and smooth performance even during a rough voyage.

The **Explorer Fly 62** is additionally equipped with: a electrically closed hard top for flybridge, a gyro-stabilizer, a desalinator, an ice cube maker, a dishwasher, a washing machine and a DPS (Dynamic Position System).

The **Explorer** offers a perfect combination of modernity and luxury!

# EXCLUSIVE INTERIOR

## THE EXPLORER FLY 62 BLUE MOON - MOTOR YACHT

**T**he main salon is divided into two, or in fact three parts. Living room with a dining table for 8 people, kitchen and bridge. The owner's cabin has a walk-in wardrobe and a luxurious bathroom, and in the middle there is an incredibly comfortable double bed as well as a work space with computer and desk. In the bow there is a VIP cabin with a central double bed, a two-door wardrobe and a comfortable bathroom. On the same deck we also have a third guest cabin with two single beds arranged next to each other. Here, too, there is a third, separate bathroom. In the fourth cabin there is a single bed and a one-door wardrobe. Here we can comfortably host another person on board or assign this space to a hostess for example. Each of these rooms is air-conditioned.

# PERFECT ENTERTAINMENT PLACE AND MEETINGS WITH FRIENDS

## THE EXPLORER FLY 62 BLUE MOON - MOTOR YACHT

**The Explorer Fly 62** Blue Moon cruises at speeds up to 25 knots with a tank capacity of 2800 litres. Two decks provide comfort on every journey, while the third (flybridge) is the ideal place for sunbathing and entertainment. In addition, it will also provide us with a fairly large barbecue area with a special expandable worktop. **The Explorer** can accommodate up to seven people in four cabins. There is an additional cabin for the captain. It has a separate entrance right next to the water toys' garage.
