The yacht is maintained in excellent condition and updated with all the latest equipment for your sailing holidays...

Ideal for families with children, couples or small groups...

All the comforts you need...

Sailing from Volos

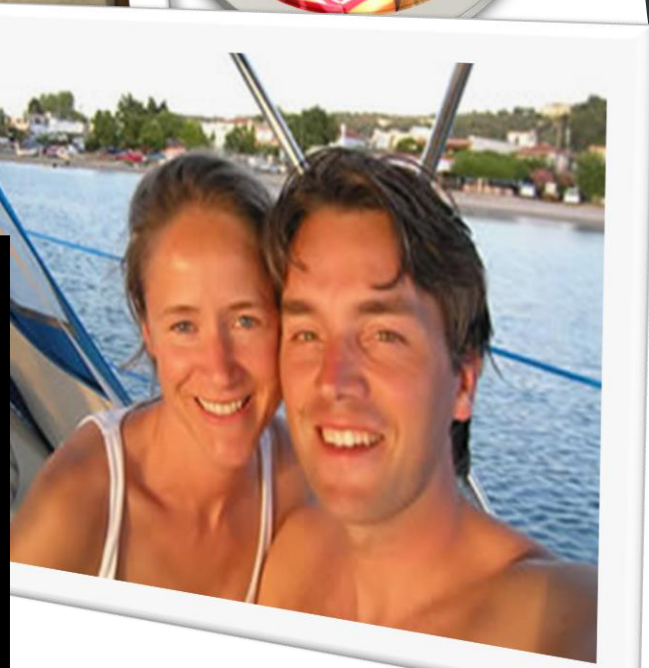

The city of Volos is a major port of mainland Greece in the Aegean sea, the gateway to the Sporades Islands, which include Skiathos, Skopelos and Alonissos, Skyros, and the smaller islands of the marine park. With some of the best beaches in Greece, perfect sailing conditions and some of the greenest islands, you'll have an unforgettable sailing trip!

The gulf of Volos, still relatively undiscovered and unknown, contains many delightful anchorages, fishing harbours, beaches and a couple of small islands, far from the tourist crowds.

With flights in the summer now available direct to Volos from many international airports, there's no reason not to discover Jason's home waters.

Alternatively fly to Thessaloniki or Athens or Skiathos and we can arrange your transfers.

“We had the most amazing time on Sophia, what a beautiful yacht to sail and what a fabulous group of islands It was certainly a memorable and fun holiday Thank you for all your help before and during our travels.”

Elizabeth and Francois.

“We had a great time on Sophia, she has a noble character inspiring safety and peace. The check-in and check-out were a pleasure, since Panos is so passionate about Sophia and he carefully explained all inventory. As a skipper it was a memorable experience, never saw a charter boat with so many extra features and so organized. When Panos showed the white clean paper under the engine (which stayed white until the end) I knew we're safe on the engine side. The sails are like new and the classic shape of the boat feels wonderful while sailing, very balanced and truly easy to control. The big genoa was perfect for the wind conditions. A big thumbs up for the collection of waterproof cockpit maps and pilot book, as well as for the collection of other maps and books on board. The crew (my family and friends) felt perfect, Sophia was our home for two weeks and it was hard for my daughter to leave her behind in Volos.”

Iulian.

Specifications and inventory

- **Specifications:**
