Sailing from Volos

The city of Volos is a major port of mainland Greece in the Aegean sea, the gateway to the Sporades Islands, which include Skiathos, Skopelos and Alonnisos, Skyros, and the smaller islands of the marine park. With some of the best beaches in Greece, perfect sailing conditions and some of the greenest islands, you'll have an unforgettable sailing trip!

The gulf of Volos, still relatively undiscovered and unknown, contains many delightful anchorages, fishing harbours, beaches and a couple of small islands, far from the tourist crowds.

With flights in the summer now available direct to Volos from many international airports, there's no reason not to discover Jason's home waters.

Alternatively fly to Thessaloniki or Athens or Skiathos and we can arrange your transfers.

Alex & Calypso Team,

We have spent a wonderful week in Calypso sailing the stunning Greek sea. We have really enjoyed the time in family.

Calypso is a wonderful boat. Alex is a wonderful host.

After 2 1/2 years I got to meet Alex & his team for summer. In making sure we had been before our annual.

Calypso has handled her role in with all equipment in taking, navigation and in the cooking, cutting, and washing.

Several mentions must be made the wonderful sailing we have enjoyed. Calypso is perfectly what we needed it.

Alex you were true to your word a for recommendations and helped in the best spots as promptly as we truly appreciated your making the best places to use.

In short, we have fallen in love with the founder and that in the many efforts to make sure we have a

"Alex and the S/Y Calypso were an absolute joy to charter. We met them along the waterfront the night before, looking for a last minute charter. From the start, he showed that it was going to be an enjoyable and professional trip. Because our time in Volos was short, we asked to do a day trip, which is abnormal for them. Alex came up with a perfect plan of events for a day trip. We got to visit remote islands, swim, eat, and drink. Everything was as good or better than we expected! Please reach out to this group of experienced, professional sailors if you are looking for a charter in Volos. Alex's English was excellent as we didn't know any Greek."
