Bright and elegant, it feels like your own private retreat, with effortless comfort right at the water's edge.

Where every moment flows with the sea

Perfect for sunset dining, cocktails, and lounging on the flybridge, complete with a sliding hardtop roof for open-air moments or relaxing under the stars. From private sunbathing to panoramic views on the foredeck lounge, there's always the perfect place to sit, stretch out, or gather together. From slow mornings to golden evenings, everything is designed for enjoying time at your own pace.

Slow mornings start here

The aft cockpit is the perfect setting for slow mornings and breakfast by the sea. Shaded, elegant, and seamlessly connected to the interior, it offers a calm, inviting space to start the day.

Where the day naturally comes together

The salon and galley form the heart of the yacht, bright, open, and effortlessly connected to the sea through panoramic windows. Designed for both comfort and social living, this space blends a fully equipped kitchen with an elegant lounge, creating a natural setting for relaxed mornings, shared meals, and quiet moments throughout the day.

Rest, recharge, repeat

The cabins are designed as private retreats, quiet, elegant, and filled with natural light. Each space offers a sense of comfort and privacy, with soft tones and refined details that create a calm, restful atmosphere.

Simplicity, done beautifully

The en-suite bathrooms are modern and well-appointed, completing the experience with a clean, contemporary feel and everything needed for relaxed living on board.
