# Prestige M48 “Diamond Si”

Prestige M48 designed for those who value their time and comfort.

## Interiors

This multihull yacht reveals generous, brightly lit and refined living spaces, affording the ultimate in comfort. It promises life in harmony with the sea and at a gentle pace.

Truly reconnect with nature and with yourself.

The first model in the M-Line, the M48, invites you to experience moments of harmony with nature in refined comfort.

This multihull motor yacht is designed for discovering exceptional landscapes, for experiencing fulfillment and well-being.

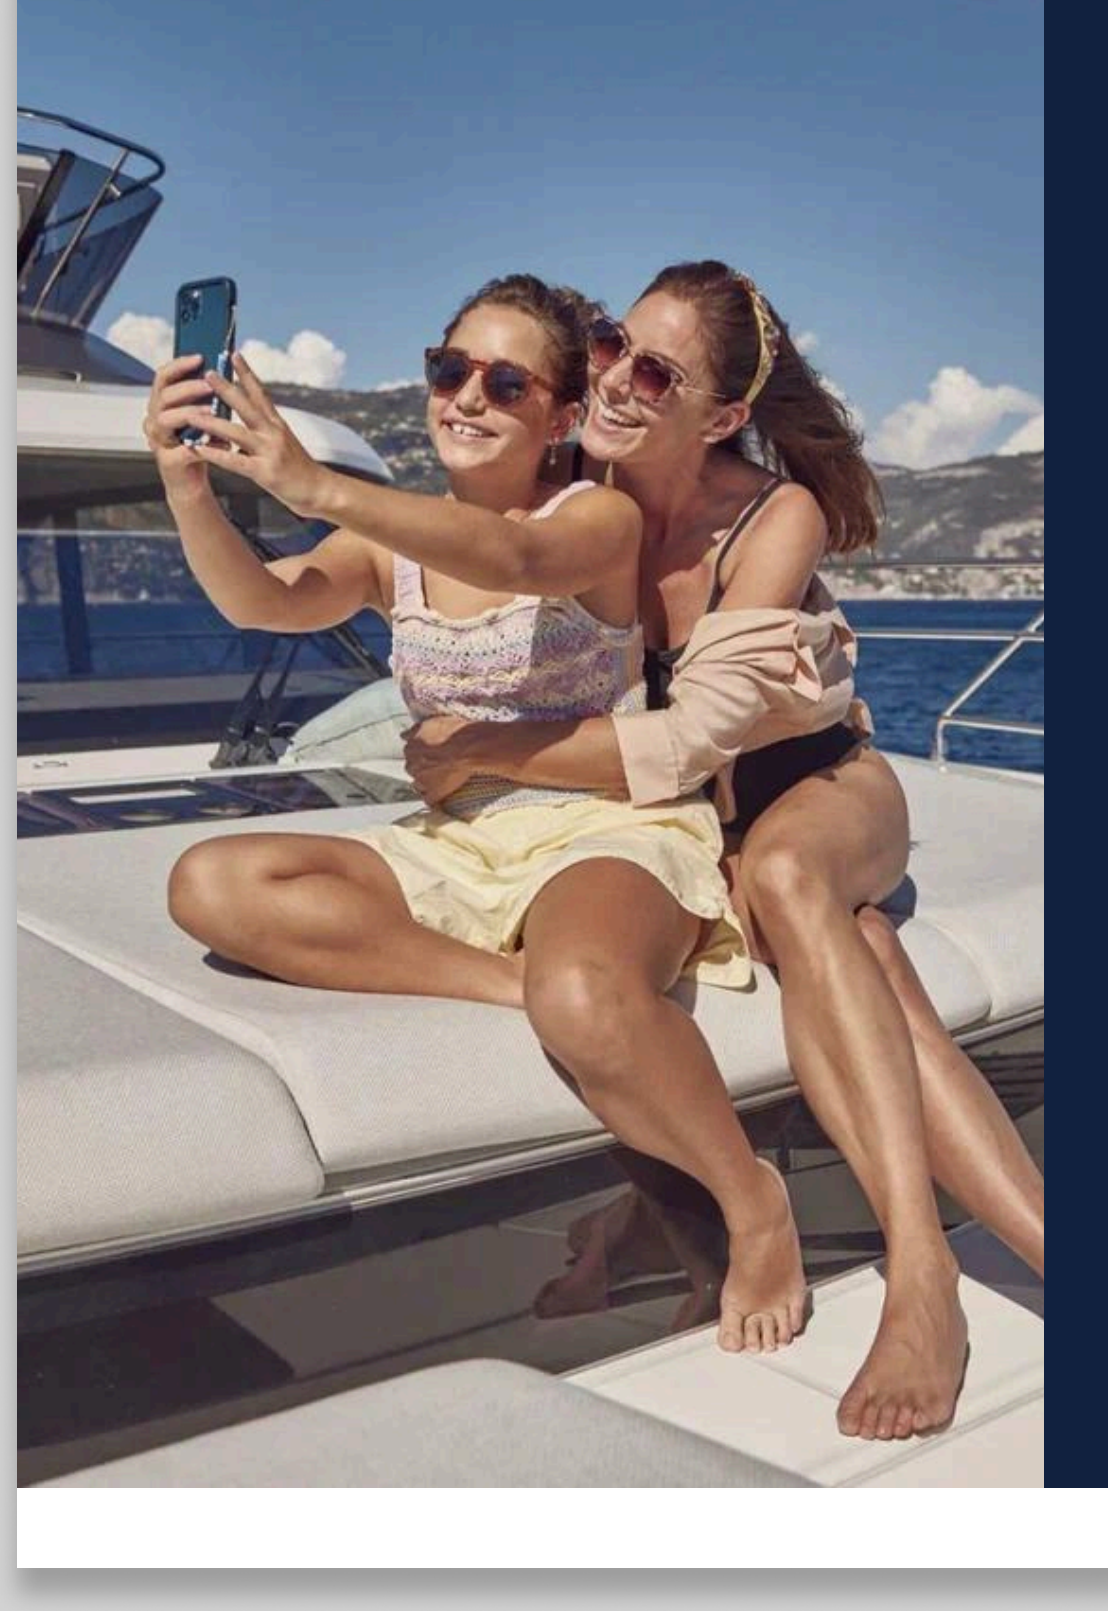

Open to the sea from both the interior and exterior, the sensation of spaciousness, the ease and comfort of each moment spent on board, the exquisite refinement in the layouts and materials... each detail contributes to creating moments of deep serenity.

## Multiple living spaces and experiences

A true floating apartment amid dream landscapes, the M48 features adaptable living arrangements to suit the preferences and activities of all on board.

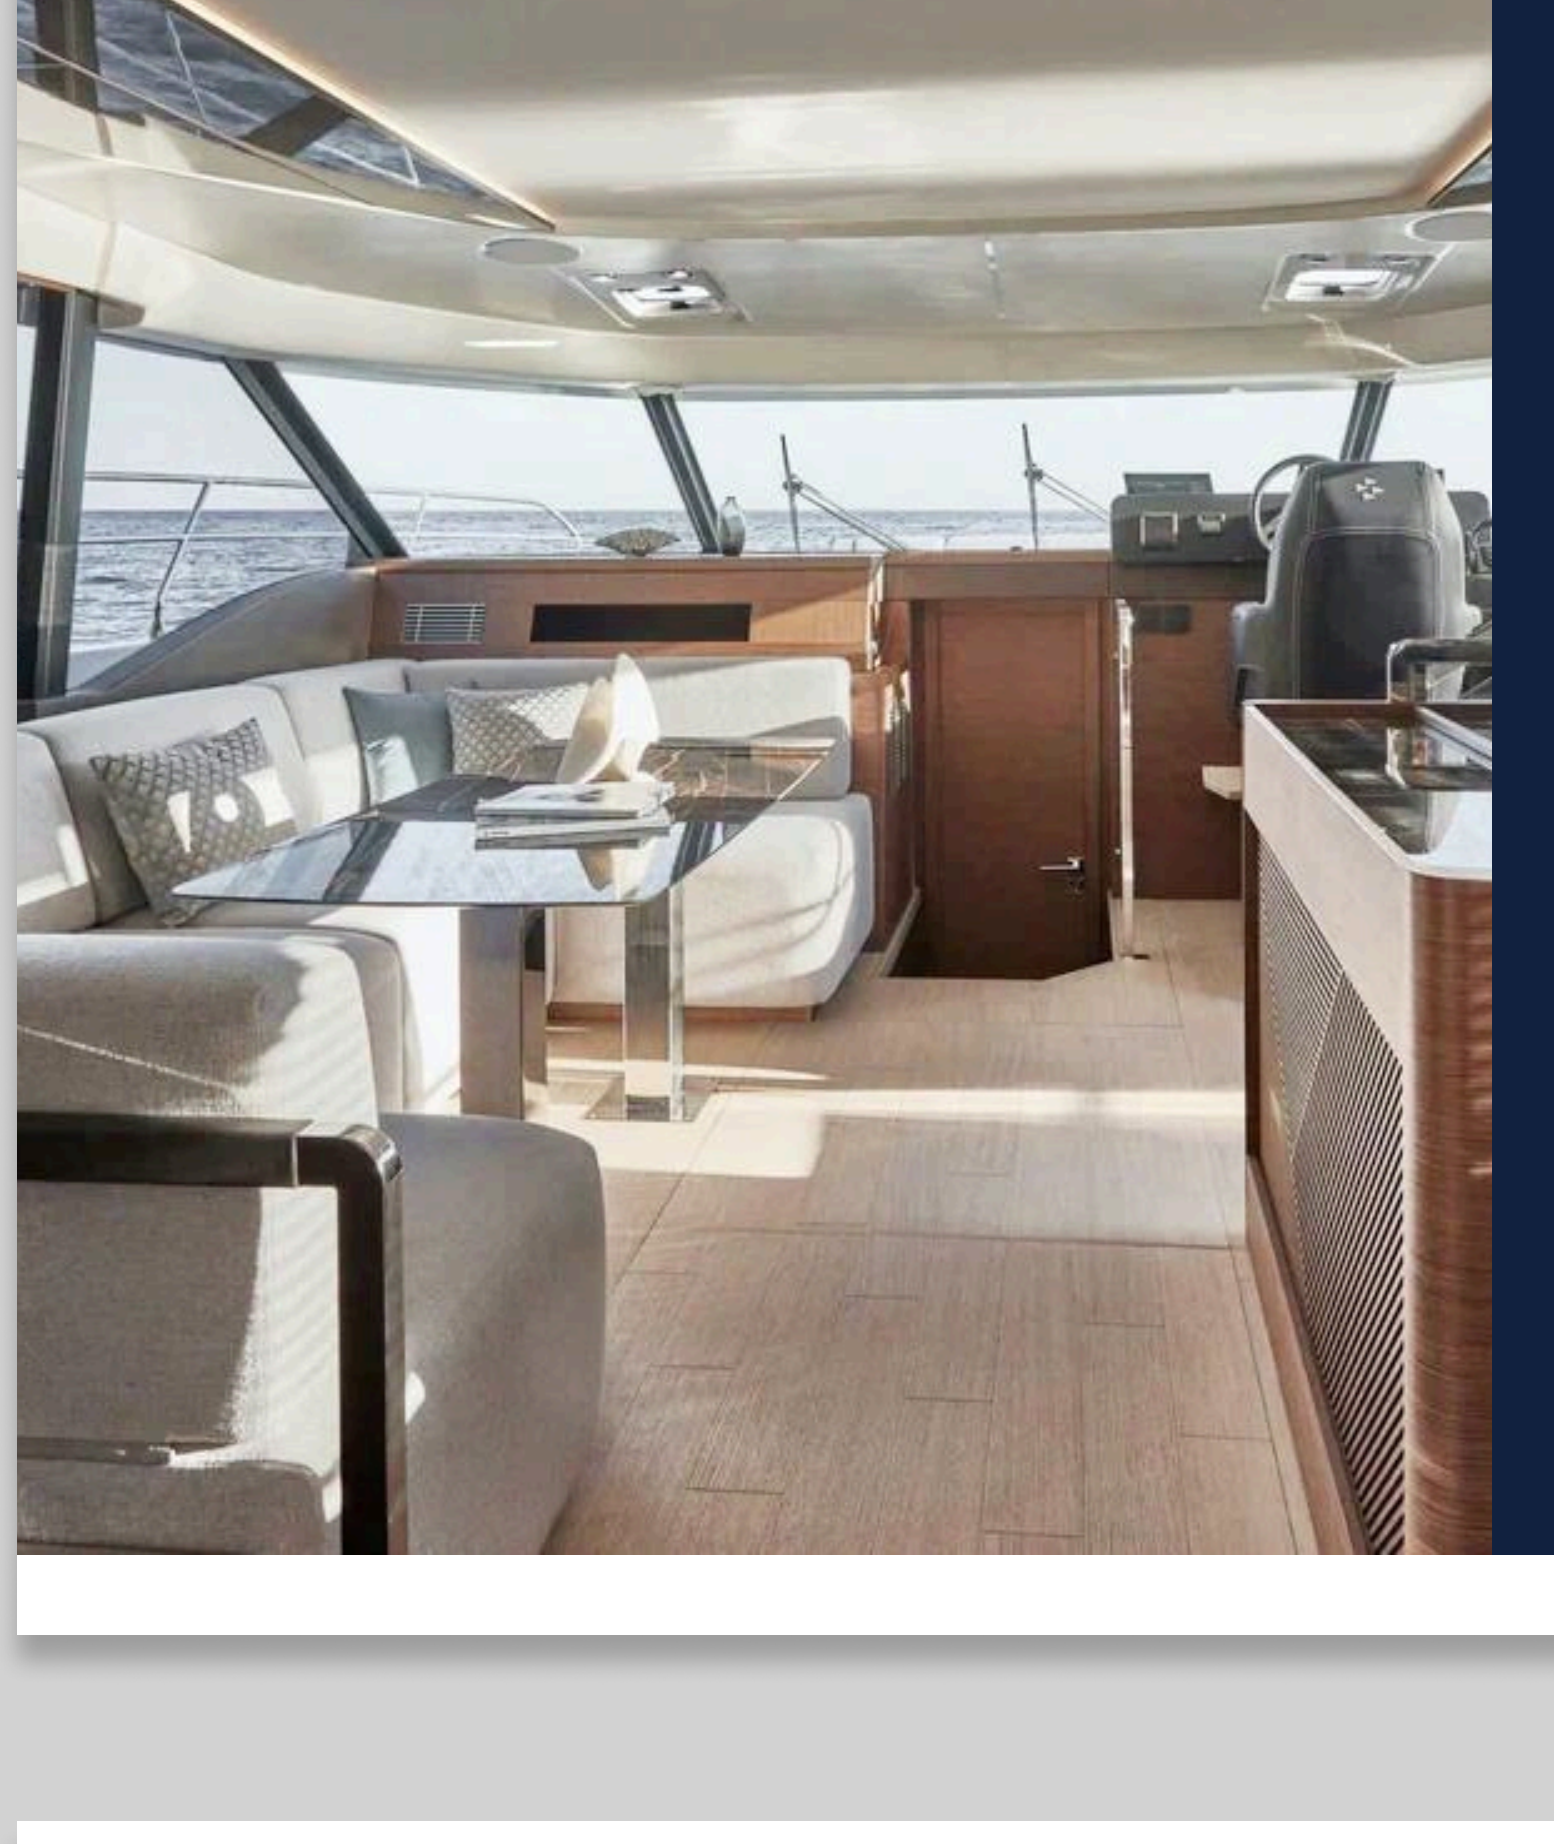

Enjoy an inviting lounge atmosphere in the exterior saloon, an intimate conversation in the cozy saloon on the forward deck, connection with nature on the flybridge, marine activities and diving from the mobile aft swim platform.

## Optimized volumes

The M48 offers surprising spaciousness for a yacht in this category. The exterior saloon extends over six meters across and offers various configurations adapted for each moment of the day.

The full-beam forward owner's cabin, inundated with light, features a king-sized berth, framed by a desk and a sofa. Two guest cabins offer comfortable standing headroom and views of the sea.

## The pleasure of effortless cruising

Boasting hulls specially designed by Philippe Briand, the M48 affords exceptional cruising comfort and stability.

Cruising speed is between 8 and 18 knots. The engine, hulls, and weight distribution of the boat contribute to optimized fuel consumption and performance.

Smooth, reassuring, and easy to handle, even on heavy seas, the M48 guarantees safety and peace of mind for all on board, whether cruising or at anchor.

## Appreciation for detail and aesthetic quality

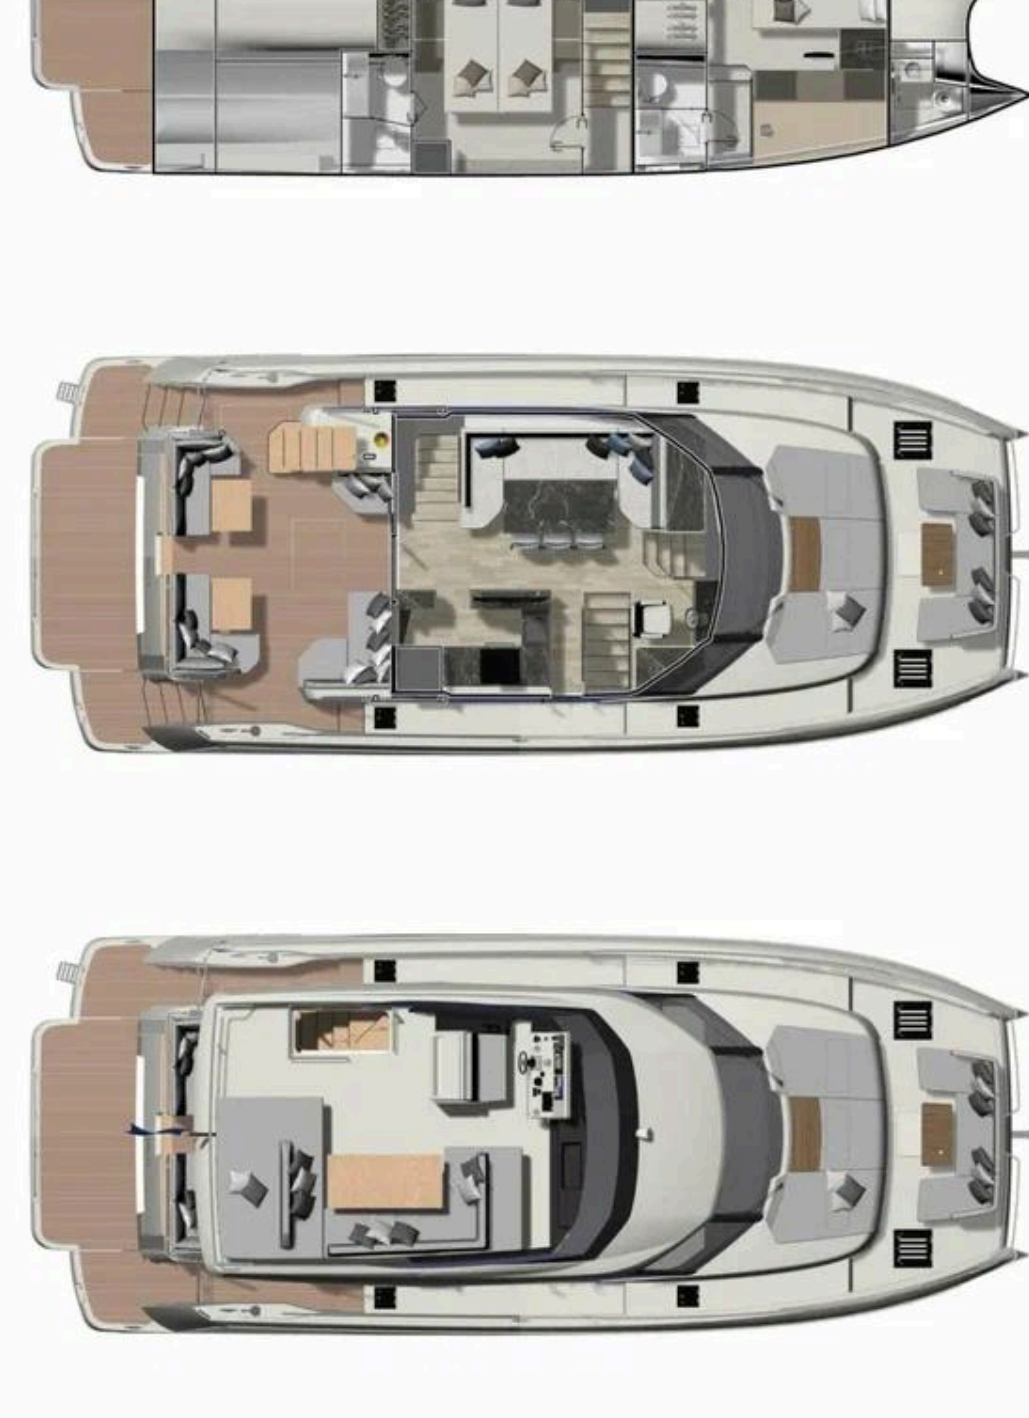

The M48 is distinguished by exceptional fit and finish, a refined design, and attention to the slightest detail.

Equipment and options enable you to feel right at home: large windows provide natural lighting for bright cabins, each with a separate shower, while a fully equipped galley is well adapted to serve the needs of all on board, and a comfortable saloon offers a panoramic view.
