

MV MOMO

A TIMELESS STORY CROSSING THE MEDITERRANEAN SEA

Built in Bodrum in 1994, after sailing the waters of Greece, Croatia and Montenegro, she eventually arrived in Italy, at the island of Elba. Between 2021 and 2024, she underwent an extensive refit, addressing both structural and aesthetic elements, while being equipped with state-of-the-art, low-impact environmental systems.

MOMO is a sailing yacht of approximately 24 metres, accommodating up to 20 guests in 9 cabins, all with private en-suite facilities.

Below deck, a spacious dinette features two sofas, a dining table for up to 12 guests and a smart TV. Nearby are the helm station and a professional galley, where the onboard chef prepares fresh meals throughout the journey.

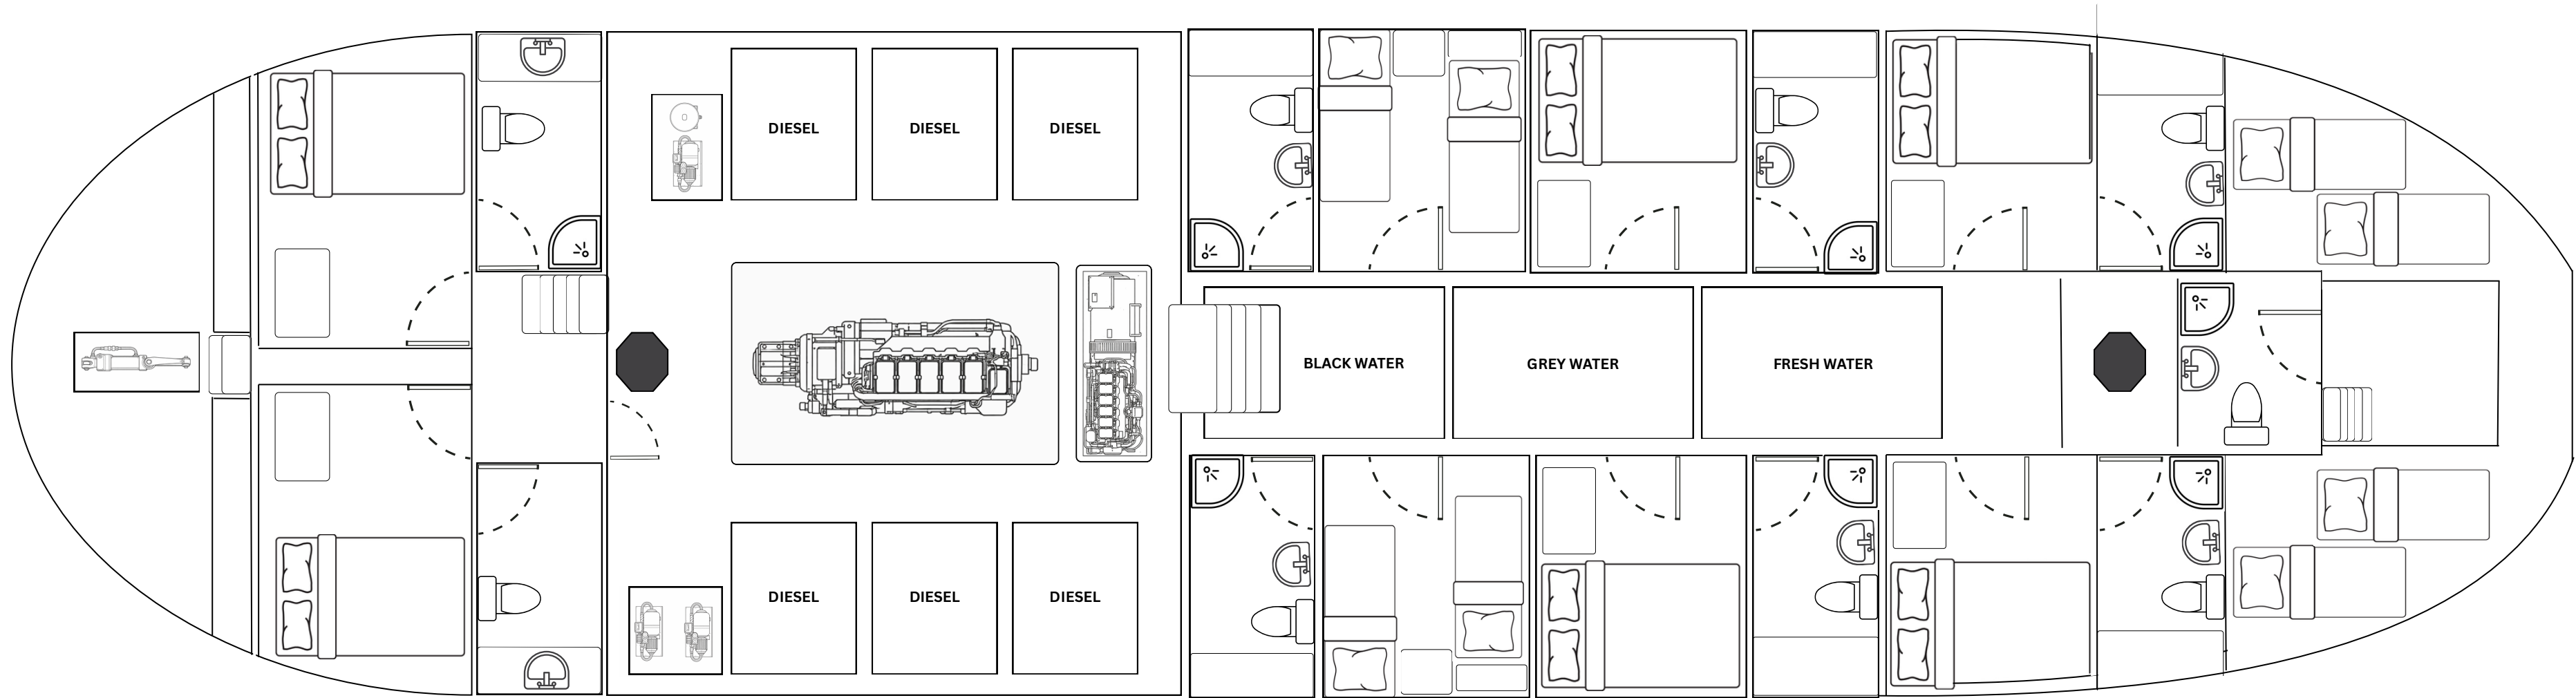

On the aft deck, a comfortable “Turkish-style” sofa and a dedicated lounge area invite relaxation, while forward, a generous sun deck with poufs and loungers offers the perfect setting to enjoy the sun.
